

GALV-CLEAN

Galvinised iron cleaner

Discussion

GALV-CLEAN is a new generation water rinsable, galvanised iron cleaner used to clean and degrease new and or weathered galvanised steel, for use in conjunction with **SUPAROOF** roof paint. **GALV-CLEAN** is a very effective Steel and galvanised steel surfaces must be free of loose paint, grease, grime, oil and rust. For use on new and weathered galvanised steel. It's slightly abrasive properties effectively remove the manufacturer's greasy protective layer and the product's slight pigmentation makes it easy to see where it has been applied.

Physical Properties

Colour:	Light Red
Pack Size:	5L and 20L
Application:	Brush or Block Brush
Application Time:	Do not apply before 09:00 and after 16:00 in the winter.
Coverage:	10 – 12L/m ²
Cleaning:	Water
Flammability:	Flammable

Application

Mixing:

Before use, stir well, using a flat paddle.

New Metal Application:

Using a brush or block brush, apply a generous coat of **GALV-CLEAN** to all areas needing degreasing. Using a roller is not recommended. Vigorously work the material into the surface.

Allow a full 20 minutes standing time, before thoroughly washing the treated surface with a high-pressure hose or copious amounts of fresh water. Repeat the process until the surface is water-break (grease) free. Once the surface is dry, apply one or two coats of **DARACRYL DC4** metal primer.

Thinning **GALVE-CLEAN** will reduce its efficiency.
This product should never be mixed with other products.
Do not apply before 09:00 and after 16:00 in the winter.
Do not apply if rain is imminent.
Clean up with water.

Maintenance

No maintenance required.
